

Cookie Policy

Cookies are text files containing small amounts of information which are downloaded to your device when you visit a website. Cookies are then sent back to the originating website on each subsequent visit, or to another website that recognises that cookie. Cookies are useful because they allow a website to recognise a user's device. You can find more information about cookies at the UK [Information Commissioner's](#) website. For a video about cookies visit the [Information Commissioner's YouTube channel](#).

Use of cookies

Cookies do lots of different jobs, like letting you navigate between pages efficiently, remembering your preferences, and generally improve the user experience. They can also help to ensure that adverts you see online are more relevant to you and your interests. The cookies used on this website have been categorised based on the categories found in the [International Chambers of Commerce](#) website.

The only cookie currently in use is used to support analysis and understanding of how people use the website (what they like most, when is the busiest time of day on the site, have people found new content when it is published, etc). This analysis is to help improve the usage and effectiveness of the website. The data collection and reporting behind this analysis is currently provided by Google Analytics. Users continued use will indicate agreement to the use of a google analytical cookie. More information on this cookie and advice on how to stop this cookie being used is set out below.

Cookie usage on this site

These cookies are used to store information, such as what time your current visit occurred, whether you have been to the site before, and what site referred you to the web page. These cookies contain no personally identifiable information, but they will use your computer's IP address to know from where in the world you are accessing the Internet. Google stores the information collected by these cookies on servers in the United States. Google may transfer this information to third-parties where required to do so by law, or where such third-parties process the information on Google's behalf.

Opt-out

In order to provide website visitors with more choice on how data is collected by Google Analytics, Google has developed the Google Analytics Opt-out Browser Add-on. The add-on communicates with the Google Analytics JavaScript (ga.js) to stop data being sent to Google Analytics. The Google Analytics Opt-out Browser Add-on does not affect usage of the website in any other way. A link to further information on the Google Analytics Opt-out Browser Add-on is provided below for your convenience.

Disabling Cookies

If you would like to restrict the use of cookies, you can control this in your Internet browser. Links to advice on how to do this for the most popular Internet browsers are provided below for convenience and will be available for the Internet browser of your choice either online or via the software help (normally available via key F1).
